— ABOUT US

NOVA SS TRADING is a trusted garments buying house in Bangladesh, specialising in sourcing, product development and the export of ready-made garments. We act as the bridge between international buyers and reliable local manufacturers, holding firm to the highest standards of quality, compliance and on-time delivery.

Through strong partnerships across leading factories, we cover a wide spread of apparel — knitwear, woven, denim, outerwear and fashion accessories. Our experienced team manages design, sampling, production monitoring and shipment support so that every client enjoys a smooth, single-window experience.

At NOVA SS TRADING, we build long-term relationships on transparency, professionalism and commitment. Our purpose is to deliver fashionable, sustainable and cost-effective clothing solutions to buyers across the globe.

MISSION & VISION

Mission

To deliver world-class clothing solutions by connecting global buyers with dependable Bangladeshi manufacturers — ensuring quality, ethical practice and timely delivery while growing long-term partnerships built on trust and transparency.

Vision

To be a leading global buying house from Bangladesh, known for innovation, sustainability and excellence in apparel sourcing — empowering clients with a competitive edge while promoting ethical growth across the textile and garment sector.

At NOVA SS TRADING, we believe in shaping a better tomorrow. We connect global buyers with the finest clothing manufacturers in Bangladesh. Quality, trust and timely delivery define our commitment, while innovation and sustainability guide the journey ahead.

— OUR SERVICES

Product Sourcing

We connect clients with the finest manufacturers in Bangladesh, sourcing a wide range of garments to international standards. Our supplier network opens access to premium fabrics, on-trend designs and competitive pricing.

Sampling & Product Development

Our design and development team works closely with factories to build accurate samples, refine specifications and make sure design, fit and fabric quality meet every client expectation.

Production Monitoring

We supervise production at every stage — from cutting and stitching to finishing — enforcing strict quality standards, minimising defects and protecting delivery dates.

Compliance & Ethical Practice

We partner only with factories that uphold safe working conditions, fair labour practices and environmental responsibility.

— OUR SERVICES

Shipment & Export Support

From packaging to shipping, we handle logistics, documentation and customs so your products reach global destinations efficiently and securely.

Custom & Private-Label Solutions

Tailored manufacturing for clients seeking unique designs, branding or private-label apparel — helping businesses build distinctive collections.

Trend Analysis & Market Insight

We share market insight, fashion-trend updates and competitive analysis, helping clients make informed sourcing decisions and stay ahead.

After-Sales Support & Client Care

We sustain long-term relationships with responsive after-sales support, quick issue resolution and continuous improvement based on client feedback.

— OUR WORKING PROCESS

- 1 Requirement Analysis** We start by understanding the client's exact needs — product type, design, quantity, fabric and budget.
- 2 Supplier & Fabric Sourcing** We engage trusted manufacturers and suppliers, selecting premium fabrics and dependable production partners.
- 3 Sampling & Development** Samples are built to client specifications, refining design, fit and material quality before bulk.
- 4 Production Planning & Monitoring** We schedule production and monitor each stage — cutting, stitching, finishing — for tight quality control and on-time output.
- 5 Quality Inspection** Every batch passes rigorous checks: fabric inspection, stitching accuracy and final product approval.
- 6 Packing & Logistics** Goods are packed and prepared for shipment following client packaging instructions and export rules.
- 7 Shipment & Delivery** We manage all logistics and shipping so products arrive at global destinations safely and on time.
- 8 After-Sales Support** Our relationship continues after delivery — support, issue resolution and feedback for continuous improvement.
